In Miami, which is the most beautiful city in Northeastern Oklahoma, is located one of the best junior high schools in the world.

Out from the main part of town on Goodrich Boulevard, the school's broad expanse of land furnishes a home for the city's youth. In its halls are heard the sounds of laughter and joy as well as the murmur and bustle of studious activity. Within its walls, friendship and scholarship abide together with a feeling of pride and well-being.

To those who reside here, Will Rogers Junior High School gives for the future a preparation consisting of many kinds of learning not always found in books. For those who leave, there is a lasting satisfaction for having been a member of the student body.

For future generations, Will Rogers Junior High School will remain a good place for learning and social development. As time passes, it will grow, and the curriculum will continue to expand to meet the challenge of the present and the complex needs of a changing world.

Linda,

Too cute a sweet girl.

I hope we will always
be best of friends.

You have a great
personality with
a face to match.

Stay the way you

are and you'll go
far in life

Love you
